

Safety Track

MONDAY

11:15 AM – 12:00 PM

Inside Authority CAD

CMI is pleased to show the new Authority CAD system during this session. A CMI Support Representative will demonstrate the new system, discuss the options for your agency and answer questions about the new system.

1:00 PM – 2:00 PM

“Surprise” Guest Speaker

Although we are not releasing the name of this speaker at this time, we highly recommend you make every effort to attend this session. You will NOT be disappointed!

2:00 PM – 3:00 PM

Mobile Communication “LEADS”

Mobile communications and LEADS are essential for officers in the field. A CMI Support Representative will discuss mobile communications and the CMI Safety software capabilities.

3:15 PM – 4:30 PM

Social Networking Uses in Law Enforcement

Social Networking is extremely popular in society today. This session will cover how law enforcement agencies can use social networking to better protect their citizens. A CMI Support Representative will be available to discuss the any implications with CMI Safety software.

TUESDAY

9:15 AM – 10:15 AM

Case Management & NIBRS

A CMI Support Specialist will be on hand to discuss Case Management and NIBRS with the CMI Safety system. Attendees will have the opportunity to ask questions and offer input during this session.

10:30 AM – 12:00 PM

Authority RMS Administrative Modules

There are many administrative modules available within the CMI Safety application. A CMI Support Specialist will cover these modules and demonstrate how your agency might utilize these modules in order to better manage your department.

1:00 PM – 2:15 PM

Directions “Round Table”

This is a round table session which will offer attendees the opportunity to network with other law enforcement agencies, share experiences and learn from their peers. A CMI Support Specialist will also be on hand to offer input where necessary.
